Dimplex is the feeling you get when you hit the snooze button and stay under the covers a few minutes longer. It's the comfort found in the moments that matter, like when the kids are down and your feet go up. Our products are the gathering place and focal point that rooms are built around. So whether it's a living room or hotel lobby, bathroom retreat or spa, we can help you design the right comfort solution to create those perfect moments.

We are leaders in design and innovation; continually challenging the status quo on a global scale to create products for the discriminating buyer. Our dozens of patented technologies translate to fireplaces that dazzle the senses and heaters that make spaces more efficient and comfortable no matter what the need.

Whether a residential or commercial space, we design fireplaces that make a style statement. You will appreciate the energy efficiency and treading a little lighter with your eco-footprint, but at the end of the day it's the deep breath that comes naturally when you relax in front of a fireplace.

Welcome to Flame Connect

Control your electric fireplaces,
from the palm of your hand.

Connect your electric fireplaces

Add as many fireplaces as you like
to the Flame Connect App.

Personalize your product

Change modes and settings on
your fireplace to suit your mood.

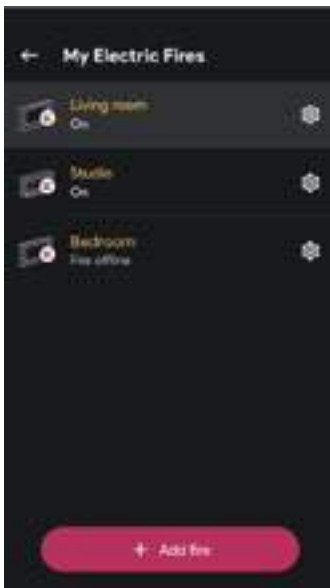

Secure your device

Take ownership of a product to
prevent unauthorized access.

NEW! Flame Connect app

Download the Flame Connect app on your mobile device and create an account. With the app you can add an extra level of personalization, such as saving customized mood settings.

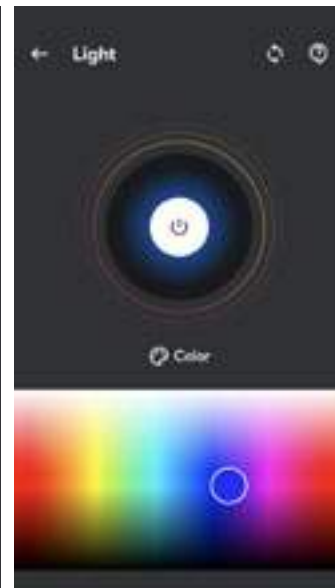

- Sleep timer automatically shuts the fireplace off after a set amount of time
- User manual with help and FAQ feature
- Updates, alerts, and user notifications

- Control your fireplaces from one convenient spot

- Temperature can be adjusted to show values in °F and °C

- Use the color picker to personalize with unlimited custom colors

- With the app you can adjust the flame brightness and speed beyond the remote technology
- Create and save favorite customized moods
- Guest mode

Note: App features may vary depending on product.

Available in the App Store and
Google Play

IgniteXL® Bold

Sierra Series

The Sierra linear fireplace series is the perfect solution for any space. With three installation options - built-in, wall-mount or table top stand, you will never have a problem finding the right place for it. Use the interchangeable media bed options to change the look and feel any time, and rotate the color of the ember bed and flames to add a pop of color. Create that cozy feeling with the touch of a button.

Sierra Series

Flame Effect

High-contrast flames feature, improved brightness and character for a dazzling, lifelike effect

Interchangeable Media Bed

Enhance any space in your home with the customizable media bed by choosing between the four included options – large/small crystals, logs or pebbles

Media Accent Colors

Alternate between eight flame/ember bed colors

LINEAR ELECTRIC FIREPLACES

Opti-V™

Opti-V™ uses unprecedented technology to render flames and sparks for a virtual fireplace experience like no other. The unique design combines ultra realistic flickering flames with three dimensional LED logs that sporadically spark and crackle! The perfect blend of magic and realism - Opti-V™ is the most unbelievable flame effect yet.

Opti-V™

Opti-V™ Flame Effect

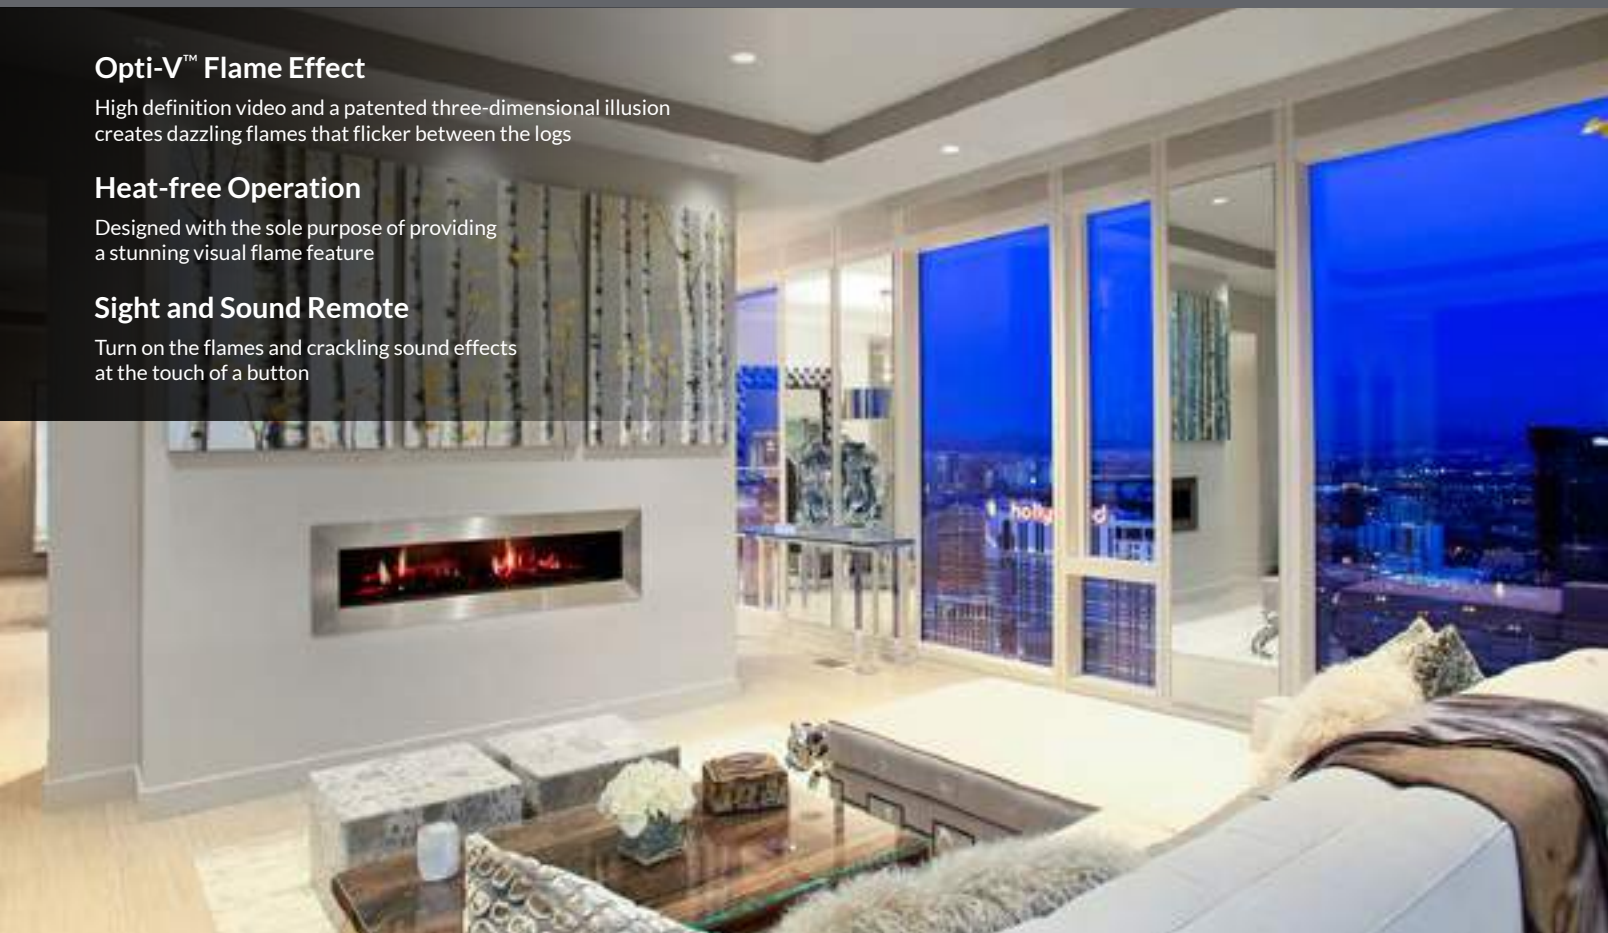

High definition video and a patented three-dimensional illusion creates dazzling flames that flicker between the logs

Heat-free Operation

Designed with the sole purpose of providing a stunning visual flame feature

Sight and Sound Remote

Revillusion®

Revillusion® is a completely new way of looking at fireplaces, and elevates the standard for electric. Using patented ThruView™ technology, Revillusion lets you look through the lifelike flames to the full depth of the interior - a first of its kind among electric fireplaces. The technology is impressive and the ambiance is serene. Enjoy the look of a fireplace cut straight from the pages of a magazine with Revillusion, clearly a better fireplace.

Revillusion®

Revillusion® Flame Technology

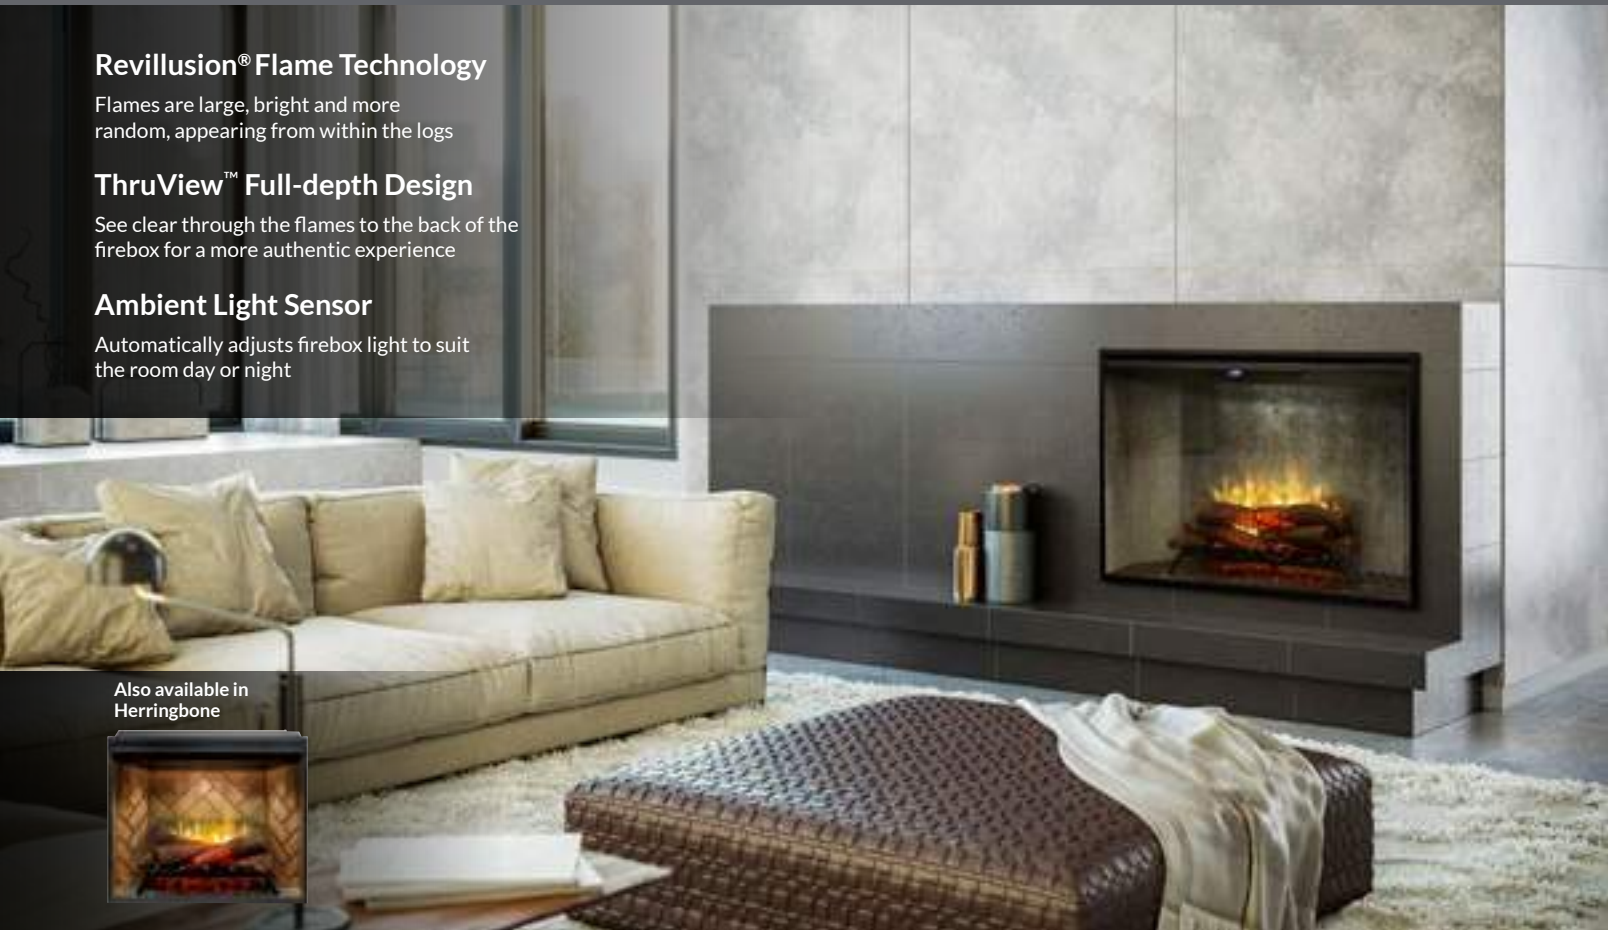

Flames are large, bright and more random, appearing from within the logs

ThruView™ Full-depth Design

See clear through the flames to the back of the firebox for a more authentic experience

Ambient Light Sensor

Automatically adjusts firebox light to suit the room day or night

BF Series

The BF Series fireboxes solve design challenges, add exceptional value, and looks great doing it. Their exceptional versatility means they can be installed virtually anywhere, especially in locations and buildings that are impossible for a combustion fireplace. The BF Series offer realism that continues to set the bar in the industry.

BF Series

The Original Dimplex Flame Effect™

A blend of technology, artistry and craftsmanship that sets the standard for realism

Primary Heating

Connect to a 240 volt supply for up to 9,200 BTU, which is powerful enough to use for primary heating in some applications

Ease of Installation

Simply frame, wire and finish with the material of your choice for a custom fireplace that is also cost-effective

DF Series

The 33" plug-in electric firebox offers a widescreen electric 120 V firebox with thermostat controlled fan-forced heat. With our patented electric flame technology, the pulsating embers with hand finished logs molded from real wood logs offer incredible realism.

DF Series

The Original Dimplex Flame Effect™

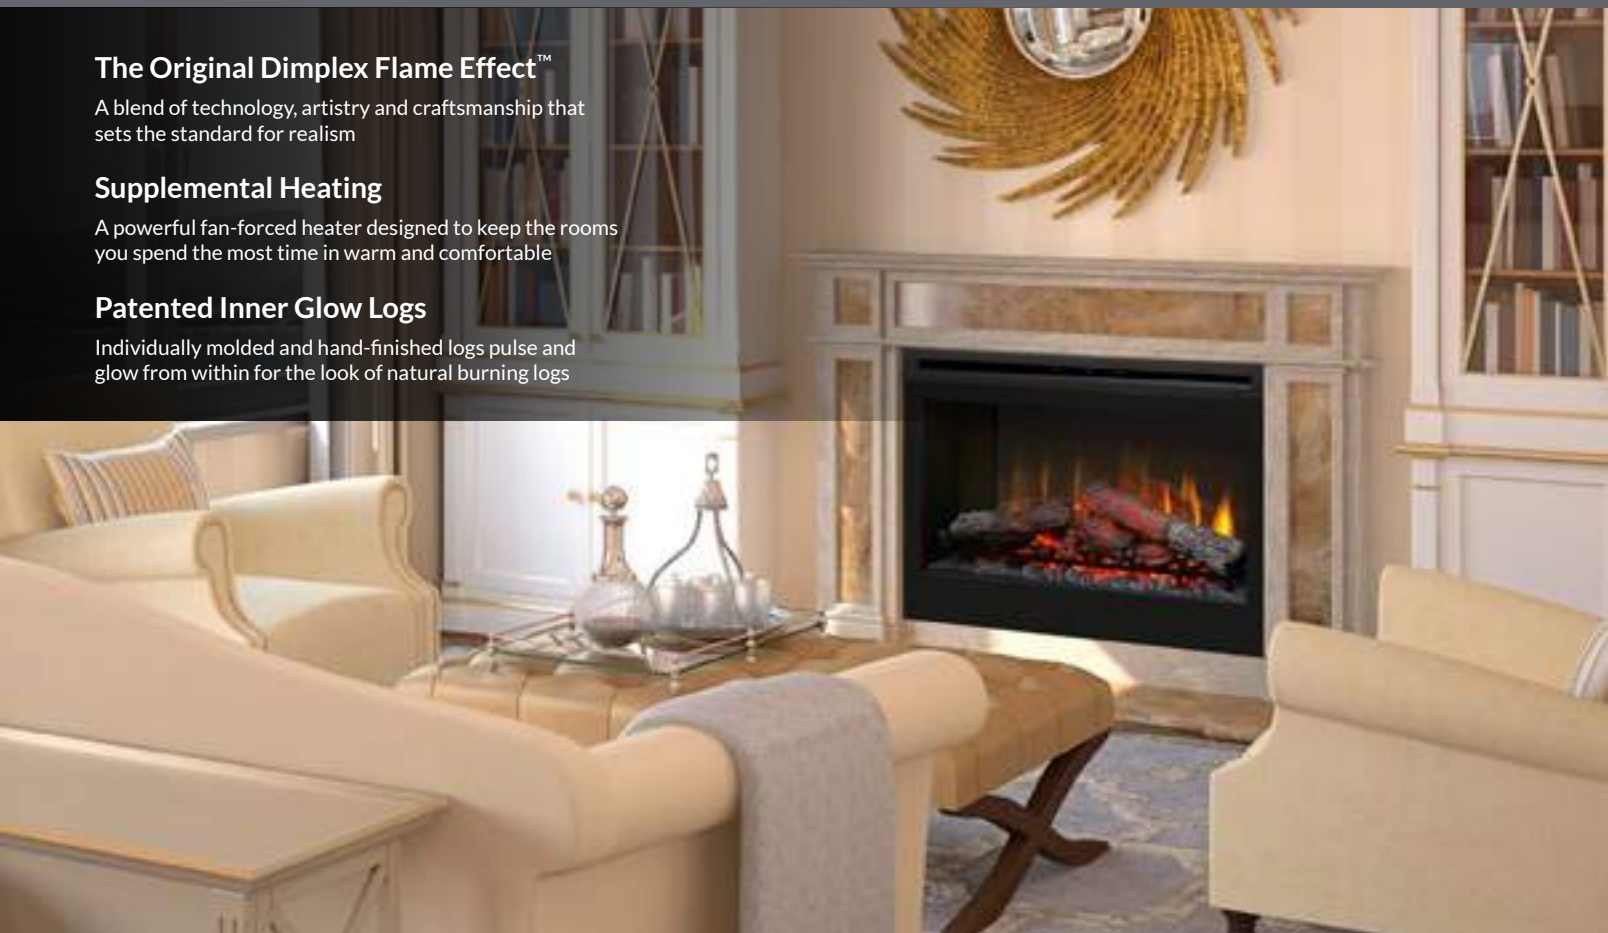

A blend of technology, artistry and craftsmanship that sets the standard for realism

Supplemental Heating

A powerful fan-forced heater designed to keep the rooms you spend the most time in warm and comfortable

Patented Inner Glow Logs

Individually molded and hand-finished logs pulse and glow from within for the look of natural burning logs

Opti-Myst® Linear Series

NEW!

Enjoy a lifelike flame and smoke effect created by revolutionary ultrasonic technology using water vapor, making for the world's safest fireplace. The result is an appearance so authentic it will be mistaken for a traditional wood-burning fireplace.

Opti-Myst® Linear Series

Opti-myst® Flame Effect

Revolutionary ultrasonic technology produces a fine vapor to create the illusion of flames and smoke

Comfort\$aver® Heating System

Safe concealed ceramic heat, plus 11% energy savings, warms up to 1,000 sq. ft.

Slim Design

A zero-clearance firebox with a slimmer 11-1/2" deep design
