

Revillusion®

30" Built-in Electric Firebox

Herringbone Brick

Traditional elegance;
revillusionary design.

Enjoy classic, elegant features with Revillusion®—the electric fireplace inspired by traditional design. You'll be entranced by the flickering flames as they dance between glowing logs, surrounded by a herringbone brick interior with natural soot markings. The timeless appeal of Revillusion creates an authentic, everlasting impression.

FEATURES

- Revillusion® Flame Technology**
Revillusion Flame Technology produces ultrarealistic flames that mimic natural fire with the ability to dim the flames which simultaneously lowers flame height.
- Reflective Flame Panel**
Includes a translucent acrylic panel that reflects the flames to make them appear from within the logs.
- ThruView™ Full-depth Design**
Enjoy a full view of the fireplace interior with the ability to see clearly through the flames —no obstruction.
- Powerful Heating**
Powerful fan-forced heater provides on-demand heat up to 1,000 square feet.
- Flame Speed**
Allows you to adjust the speed of the flame to create the perfect atmosphere to suit your mood or room.
- Color Enhancement**
Flame base colors include red and orange.
- Realogs® Plus**
Features Realogs handcrafted and molded from real wood logs, which contain an inner lit LED light that add a glowing, pulsating effect as if the logs are burning.
- Brightness and Flicker**
Adjust brightness of interior lighting from high to low to suit the room, including midnight mode which turns off lighting to reduce TV glare.
- All-season Flames**
Enjoy the unique charm of a fireplace 365 days a year without the heat.
- Just Plug It In / Direct-wire**
120V plug-in cord kit comes connected to the unit, with option to remove it and hardwire the unit to 120V/240V power supply.
- Easy Installation**
No venting, gas lines, or piping required; simply frame, wire and finish for quick and easy installation.
